ESTATE AND/OR LONG-TERM CARE PLANNING QUESTIONNAIRE

(Wills, Trusts, HCS's, POA's and Third Party SNT's)

Information provided is held in complete confidence and is used for the sole purpose of analyzing estate planning needs and designing estate planning documents.

During the initial appointment, we will use the enclosed information to determine your specific estate planning needs and goals. The potential cost of probate, tax, and/or nursing home cost which would occur with your current plan will be analyzed, and methods of reducing costs and accomplishing goals will be discussed. An exact quote on fees for estate planning will be provided before you decide whether you would like any work completed.

ESTATE PLANNING WORKSHEET

The information requested on this worksheet may seem like *none of an attorney's business*, but it is very important that an estate planning attorney understands your present situation and your wishes for the future. This information enables us to plan the estate to accomplish future goals and to save on taxes and administrative expenses.

If you are married and all information on this worksheet is identical for you and your spouse, fill out one worksheet only. If information for each spouse differs, make a copy of this worksheet so each spouse has one to fill out.

For those of you who are single, we apologize for phrasing everything based on husband and wife. This is for simplicity of the form only. To fill out forms, please fill in the wife's blanks if you are female and the husband's blanks if you are male.

Estate planning is very important for singles as well as couples. Plan of distribution for singles is not obvious and most or all assets will be probated since joint tenancy with a spouse is not an available method of avoiding probate. In addition the cost of guardianship may be imposed if the single individual suffers an incapacity.
